Industrial Generators

Industrial Diesel Generator 100 kVA

SKU: GEN-I100-012

> *Heavy duty 100 kVA industrial diesel generator for factories, hospitals and large commercial facilities.*

DESCRIPTION

A heavy duty 100 kVA industrial diesel generator built for continuous operation in demanding environments. Suitable for factories, hospitals, large commercial buildings, data centres and industrial facilities requiring reliable standby or prime power.

Powered by a proven diesel engine coupled with a Stamford alternator. Features comprehensive load testing at 50%, 75%, 100% and 110% load before delivery. Equipped with battery charger, industrial silencer and all safety shutdown protections.

TECHNICAL SPECIFICATIONS

Fuel	Diesel
Output	100 kVA Standby / 90 kVA Prime
Tested	50%, 75%, 100%, 110% load
Voltage	415V Three Phase
Warranty	2 years
Frequency	50 Hz
Alternator	Stamford
Controller	Deep Sea DSE

generator · diesel · industrial · three phase · 100 kVA · factory
